Catch the ferry to Hobsonville Point for a day out: <http://www.aucklandtransport.govt.nz/improving-transport/north-west-transformation/hobsonville-point/hobsonville-ferry-terminal/Pages/default.aspx>

Hobsonville is a former airbase that was developed in 1925. It was a combined aerodrome making provision for both airplanes and seaplanes.

This site is now being developed for residential housing and the marine industry. The area is still undergoing changes, and this walk may have to be updated in the future.
